*That the Future May Learn from the Past...*

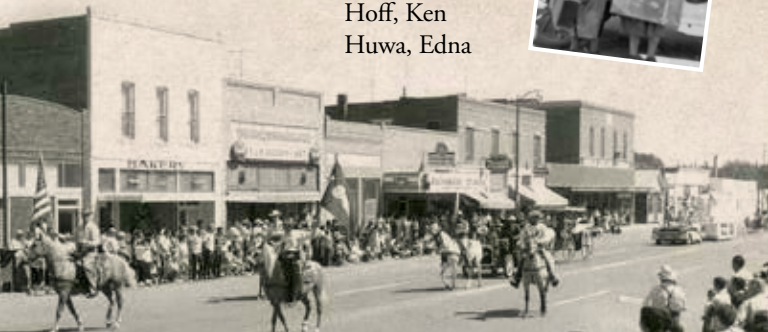

### WSHS Oral History Series

The people of Windsor and Severance make up the mainstay of our history and enrich our heritage. To preserve their stories, WSHS has sat down with dozens of local individuals and families to record their personal stories about life and times in Windsor and Severance. WSHS has made over 65 recordings as part of the series and continues to produce more. You can find these recordings on DVD's at the Clearview Library or on Windsor Severance Historical Society YouTube channel.
